# How to stop itchy skin naturally

DOES YOUR dog suffer with itchy, scurfy skin? Perhaps he chews his paws and rubs his ears until they are really sore?

Stop-It-All is a 100 per cent natural vegetable oil mixture and a mild and medicated natural shampoo that have been extensively trialled and proven very effective on many dog and cat issues, including irritated and itchy skin and ears, minor wounds, hair loss, crusty lumps, hot skin and even mites, ticks, fleas and lice.

Its scientifically identified properties include being anti-fungal, anti-bacterial and anti-oxidant but even more important is the fact that the products are free from any harsh chemicals and Tea Tree which can themselves be skin irritants.

They are so gentle they can even be used on babies and puppies over eight weeks old.

By using Stop-It-All shampoo and oil your dog will not only have a lustrous and shiny clean coat but his skin will also be tangibly soothed and moisturised by their natural and gentle ingredients.

You can even mix up some shampoo with the oil and dilute with lots of water to make a highly effective fly, mite and bug spray which can also be used on horses, humans, rabbits, guinea pigs and other pets as well as on kennels, hutches, stables and barns.

Mrs Carol Brown from Leeds said:

"After a year of vet visits it took just one bath with Stop-it-All and my Cavalier Louis stopped his obsessive paw and groin chewing – I am amazed. It makes his coat so shiny and soft too. I even used the shampoo on myself and guess what – no itchy scalp today and my hair is as shiny as Louis!"

Retail prices start from £13.25 for a 250ml bottle, but mention **DOG WORLD** on your first order and they start at £11.25 or £19.25 (+P&P) for a Pet Starter Pack of oil-salve and shampoo.
