Dear all,

As you are aware I am a strong supporter of your products,  
So I felt I had to let you know what happened the other weekend.

Out in **my back garden** I accidentally disturbed what I can only describe as some sort of **miniature wasps nest**, I was **stung** once on the **hand**, & once on the **arm**, within the **couple of minutes** it took to get back inside I felt **itching on the bottom of my feet** which **rapidly moved up** the **whole of my body** & I was covered in a **nasty rash** ([REDACTED] [the body's way of showing its absolute anger/annoyance!] I presume).

[R&SL think this is so clever/lateral...we'd have just slapped on some oil/salve...but the soak in the bath with the **Ruggle-it Shampoo** so that the **whole 'stressed' body is submerged/soothed** is "inspired thinking"!

Perhaps keep some ready-made-up **Ruggle-it shampoo** mix in the car/horsebox in case your animals are stung when away from home..?] [24/7/15 Mrs Sue Wood from Suffolk writes in that **Ruggle-it diluted oil mix** got rid of their **Wasp's nest**...!]

Having used the Ruggle-it Shampoo purchased for Eddie & Cassie [Mr Champion's dogs] on minor irritations before, I used it again **made up in a bath**, well **I couldn't believe how quickly it worked**, itching had **stopped completely after getting out of the bath**, & [REDACTED] [the body's visible signs of annoyance] **disappeared** within a couple of hours.

So once again I have to thank you for your **amazing products**. Personally I feel for **such a reasonable outlay every household should have your products** in, or next to their medicine cabinet as a precaution.

Yours Sincerely  
Gary

[**R&SL NOTE:** Eddie & Cassie came to R&S LTD in early November with **thousands already spent** with the 'pro's', extensive harsh chemicals & shampoos – they were struggling with **very itchy skin** (heads, ears, elbows, sides of belly). Pack Purchased:- **Ruggle-it SP4-B + Trigger** – click [here](#).

They were also on a very high profile complete **dog food** (available in supermarkets & everywhere) that is frequently connected to skin & dietary issues - click this **DIET** webpage link]
