Subject: Thank you!

Hi,

Just wanted to let you know **how pleased I am** with your product.

I have a 5yr old Warmblood which I bred, and **from about 18mths he has been itchy**. I had tried everything, powders in feeds, creams you name it I've tried it.

I read about your products in a free *magazine* [Office: *Equi-Ads...we keep records!*] from a local saddler and thought I'd give it a go. To start with my horse doesn't like water so to bath him was difficult, I just put the neat oil on key areas such as along the spine, middle of belly, mane, tail and on both sides of his fetlocks front and back as advised.

Great it seemed to be working, he then went away to be broken (late I know but! I wont go into that). The yard he went to seemed to have less midges etc and the lady said he was fine with a fly sheet on and yes when I went to see him he was fine. Then it was time to come back to midge city!

In no time at all he was covered in bites, I couldn't believe it. We decided to buy him one of those bug hoods and rugs, still using the made up fly potion of oil, shampoo and warm water, but when I took the rug off I always managed to give him an electric shock bless him [*lycra/man-made fibres*]. Needless to say he wasn't happy to take it off!

I decided I couldn't put him through it any longer I had to think of another way. I put thin plastic gloves on [Office: *Mrs L is not too keen on the smell!*], poured the oil neat into my hand rubbed my hands together then gradually put it all over him (very sparingly), turned him out, **to my amazement not a bite on him when he came in**.

So I topped it up that evening, as sometimes he would even get bitten in his stable. **Again no bites** in the morning. I have continued to do this but missing some days now here and there.

I am so **pleased for Max**. **The relief of no more biting insects must be immense**, he isn't grumpy any more, I would say a **more contented horse and happy owner**.

Everyone with Itchy horses should try this, I'm so pleased I did, I had almost given up.

Thank you!!!!

Mrs K Lewis
