Hi,

Just to say thank you, after **one week** of Ruggle-it my dog Ruby has **stopped scratching** and is much more happy with life. **See R&SL comment below

Will certainly recommend it to my friends.

regards

Liz Moon

[R&SL Comment: winter itching & crustiness, belly & bum/tail itching are classic signs of **Millennium Mites – the colder it is, the more they attack.

See our [NEWS](#) section for more itching updates/info'/links as Millennium Mites are **generally immune** to chemicals/typical flea/mite products ...]

Many thanks to **Mrs Moon** for taking the time to write in with this feedback on Ruby & Ruggle-it's swift 'good works'!
