All [redacted] areas are text/names/descriptions that may contravene Veterinary Medicines Directorate regulation; text within [] has been inserted by this office.

3. For what issue(s) are you using the product(s) e.g. head lice, joint stiffness, flies/midges, mud issues, itching, etc?  
 midges, itching on feet and legs

4. Your comments on the product(s): (feel free to continue onto the reverse or another sheet if you wish)

These products are amazing. They actually do what they claim and they are all natural to boot. One of my Clydes has very heavy feather. Had to shave off all hair on all four feet to expose infected areas. After one week he is coming along beautifully. Products do not sting or irritate horse at all. They actually seem to like the relief it brings

5. Any other comments you'd like to add e.g. our level of customer service, speed of delivery, etc?

All excellent. Karen a wonderful, caring and thoughtful person and very well informed. Would love to meet her some day.
