Subject: My finger!

Hi Karen

Just thought I'd write and tell you **how pleased** i am that my finger [REDACTED] [recovered] so **rapidly** (after it was bitten off by dog) **using your ruggleit oil and bio-kult** [REDACTED] [14-strain live bacteria product].

Maybe coz im used to it, I could hardly smell it at all! It literally took **4 days after all the bandages were off for the scabs to fall off.** (I didn't pick any scabs per your advice).

It's still tender to touch but thats coz its not desensitised yet. Here are some pics that you are welcome to use as you wish as well as what I have written.

Thanks loads Kelly.

Many thanks to **Kelly Jenkinson** for taking the time to write this feedback & be brave enough to take photos!

Note: Whilst we are hugely grateful for all the telephone feedbacks we receive on our products, only ones received in writing will be considered for inclusion on this web or as part of any PR...so that readers have peace of mind that we're not making this up!
